## The Revolution, Refined

## FlexiTank Pro is yet another advance in our program to bring AutoPot Watering Systems to every kind of growing environment.

A reflective, light-tight skin makes the FlexiTank Pro the perfect solution in bright, high temperature situations. Further enhancements come in the shape of internal capacity markings and an ultra-strong, anti-tip design.

- Reflective and light tight
- Ultra-strong, anti-tip design
- Internal capacity markings
- Simple assembly in minutes
- Made from food-grade materials
- Attractive retail box packaging
